

### National Young Leaders Conference Perth 2021

After a false start due to Covid Lockdown, our Commanders and Lieutenants ventured off into the city for the 2021 National Young Leaders Conference, at the Perth Exhibition Centre.

Arriving nice and early at Edgewater Train Station students took the 8.00am train for Elizabeth Quays. Our commute was quite the adventure during peak hour, as it was standing room only. Some students had never been on the train before and for most it was definitely their first time without parents.

National Young Leaders Day is designed to benefit any student who shows an interest in developing their leadership potential. Australia's most influential leaders give keynote presentations about their own leadership journey. This year's speakers included from the Arts, ARIA award winner, Singer, Songwriter, Josh Pyke. Tracy Vo, television news presenter on Channel 9. Paul Steele, Assistant Police Commissioner from the Western Australian Police Force and the final presenter for the day Trent Cooper from the Fremantle Dockers Football Club.

The students took away from this positive experience a realization that success doesn't just happen, that you may not get things right the first time, but don't allow these bumps on the way stop you from achieving your goals.
