

Djinda Kindy Group Fire Incursion

We have been learning all about emergency services in our local community. We have been exploring different ways each service can help us in an emergency through our dramatic play area and small world table. We have also had lots of exploration on what an emergency looks like and who to call... 000.

During our Firefighter incursion students had the opportunity to squirt the hose and put out the fire, climb into the fire truck and we got to see what a firefighter looks like in their protective gear. We also practiced going 'low low low' and 'go go go' in a fire! To further support this we explored fire safety and stop drop, cover your face and roll. Furthermore we set up the classroom to further explore the concept of staying low and safe in a fire. This also sparked lots of conversations on evacuation plans at home and fire alarms in the house.
